

# A guide to Select Access Saver 5

When you're saving for something special – like a car, a house, a wedding, or a holiday – you need a savings account that offers a higher rate of interest for minimal withdrawals, but is flexible enough to respond to life's little surprises.

You can access your account online, through our mobile app, over the phone or in branch.

And as long as you limit your withdrawals to no more than two in a calendar year, your interest rate won't be affected.

## Select Access Saver 5 account benefits

- Keep your higher interest rate if you make no more than two withdrawals per calendar year.
- Ideal if you want to save regularly but need access to your money in an emergency or for an important purchase.

## Account features

- Minimum balance of £1.
- Maximum balance of £1,000,000.
- Manage your account online, through our mobile app, over the phone or in-branch.
- Interest is paid annually into this account on 5 April.
- Opt-in to paperless statements to view up to 7 years of paperless statements in the mobile app or online banking.
- Available as a sole or joint account.

## We're here to help

Please read the account summary information found in the summary box below.  
For full details, you should also read its terms and conditions.

Summary Box			
Account name	Select Access Saver 5		
What is the interest rate?		Gross <sup>##</sup>	AER <sup>^^</sup>
	If you make <b>two withdrawals or less</b> in a calendar year	3.53 %	3.53 %
	If you make <b>three withdrawals or more</b> in a calendar year	1.06 %	1.06 %
	Interest is calculated daily and will be paid into your account annually on 5 April. <b>What happens after my third withdrawal in a calendar year?</b> The lower interest rate will apply from your third withdrawal for the remainder of the same calendar year. <b>After my third withdrawal, when will I get the higher interest rate again?</b> The interest rate on your account will revert to the higher rate on the last Business Day <sup>^^</sup> of the calendar year. From that date, you'll be able to make two withdrawals before getting the lower interest rate.		
Can The Co-operative Bank change the interest rate?	<b>Yes</b> , the interest rate is variable, which means it can go up or down. We may change your interest rate for various reasons, please see the 'Changing these terms and ending this agreement' section of our General Terms and Conditions for more details. <b>When we increase our interest rates</b> – we'll tell you about the change within 30 days after it's happened. <b>When we decrease our interest rates</b> – we'll inform you by personal notice at least two months before we make the change.		

What would the estimated balance be after 12 months based on a £1,000 deposit?		Account balance after your last withdrawal	Balance after 12 months
	Where you have <b>made two withdrawals</b> or less in a calendar year, giving you the <b>higher interest rate</b>	£1,000	£1,035.30
	Where you have <b>made three withdrawals</b> or more in a calendar year, giving you the <b>lower interest rate</b>	£1,000	£1,010.60
	We have worked this out assuming: <ul style="list-style-type: none"><li>• We haven't changed the interest rate in the 12 month period</li><li>• You haven't made any additional deposits</li><li>• The day the 12 months starts is also the day you made your last withdrawal.</li></ul> As you'll receive the higher interest rate until your third withdrawal, you're unlikely to experience a full 12 months at the lower rate. This scenario has been used to demonstrate the impact of making more than two withdrawals.
